

## LABONE-1

### FACE WASH LOTION

#### < COSMETIC PRODUCT >

Name of product : LaBoNe-1

Cosmetic essence containing 14 types of plant extracts. 5 types of selected natural plant extracts remove dead cells, while the remaining 9 types moisturize, nourish, and strengthen the skin. It is also a cosmetic lotion that does not use parabens due to the antibacterial Ag-P water. This essence moisturizes the face right in the process of washing.

#### <Method of use>

※Remove makeup from your face. ※ Whisk in some soap or foam and add a drop of lotion. ※Wash your face thoroughly with the mixture and rinse thoroughly with running water. ※ After washing, squeeze about a tablespoon of the lotion into your palm and massage your face for 30-60 seconds. ※Then gently dry your face with a damp towel. ※ After the procedure, apply 1-2 drops of lotion to consolidate the effect. Discontinue use immediately if product is not suitable for your skin!

#### <Precautions>

- Be careful when using if you have skin lesions or other abnormalities. Discontinue use if the cosmetic does not fit your skin. If you notice any abnormalities during use, for example: redness, dryness, itching, irritation, discoloration of the skin (pallor, darkening), it is better to consult a dermatologist before reuse. The above symptoms can also appear in direct sunlight immediately after using the lotion.
- Do not use on affected skin areas such as wounds, swelling, eczema, etc.
- In case of contact with eyes, rinse immediately with running water.

#### <Precautions for storage and handling>

- Use only with clean hands and close cap tightly after use.
- Keep out of the reach of children.
- Do not store in places with high temperature and humidity or in direct sunlight.

○ After opening the package, do not use after long-term storage.
