### MAHOROBA AW

(Cosmetic soap)

The soap is created in accordance with an ancient oriental recipe based on Kudzu root extract (the chemical composition of which includes: carbohydrates diadzin and diadzein, starch, flavonoids, including isoflavone pcerarin, butyric and glutamic acids, asparagine, adenine and flavonoid robinin, alkaloids, histidine, kaempferol). The foam is soft and thick. It whips easily, cleanses well, softens and moisturizes the skin.

#### *Full composition of ingredients:*

Potassium soap, palmitic acid, glycerin, kudzu root extract, Yuzu peel oil (citrus), Tsubaki oil (Japanese camellia), rice bran oil, luffa fruit's leaf and stem extract, cherry tree leaf extract, Yukinoshita extract, clove extract, extract perilla leaves, polyquaternium-51, palm fatty acid, cocamidopropyl betaine, sodium isostearyl lactylate, sodium chloride, raffinose, butylene glycol, ethanol, etidronic acid, water, titanium dioxide, fragrances.
