

Cosme Chaum is the latest development in Japanese cosmetology. It is a special, complete stem cell-based skincare line.

Three important components of the Cosme Chaum cosmetic line are:

- Formulated with innovative ingredients born from world-class research;
- This cosmetic line is ideal for skin care and prevents age-related changes;
- Ideal for both cosmetic and medical reasons.

Are only the already known ingredients needed to keep your skin healthy?

- Adult skin care is not only about maintaining the thickness of the skin.
- Cosme Chaum cosmetics use technologies born in the field of medical research.
- All the necessary ingredients for this cosmetic line are created since unique scientific developments.
- This cosmetics enhances our self-confidence.
- This is a line of skin care products in which natural ingredients have been complemented by innovative technologies.
- The mission of the manufacturer of this cosmetic line is to make every consumer feel the result of the amazing effect of the components.

Research and development carried out by a group of high-level general hospitals, which are globally recognized.

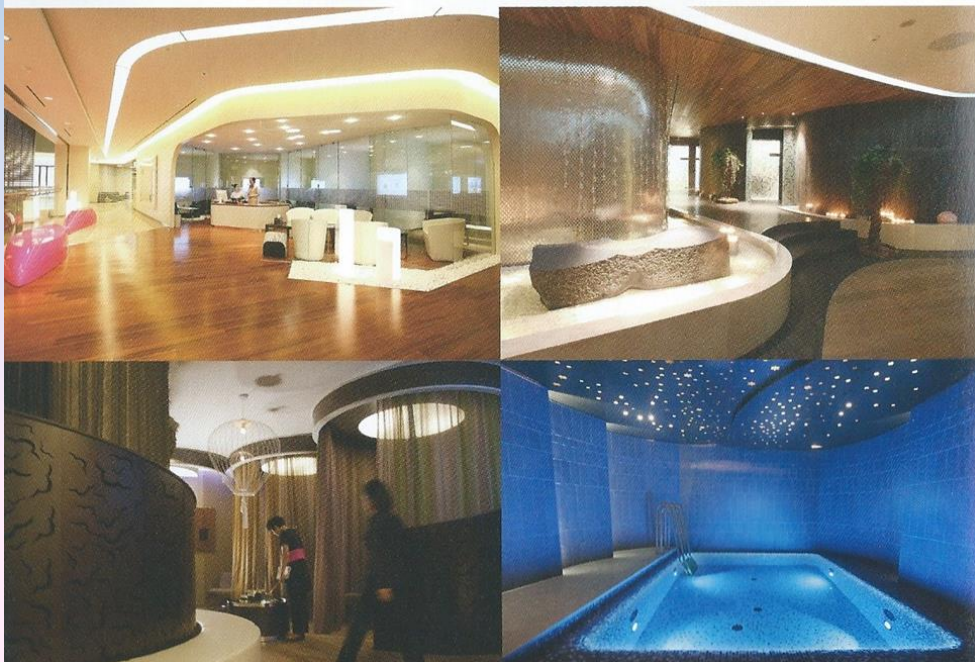

The developer of Cosme Chaum cosmetic line is the Japanese group CHA-Hospital, which develops general hospitals specializing in obstetrics and gynecology, as well as world-class research institutes and universities. Among them is the SNA Stem Cell Research Institute, a globally acclaimed stem cell research institute that continues to produce unique and innovative ingredients based on cutting edge research.

The Cosme Chaum cosmetic line uses advanced technologies and ingredients created in the laboratory of this institute.

Also at the institute there is an anti-aging center Chaum (Chaum), which combines the prevention of beauty, health and aging.

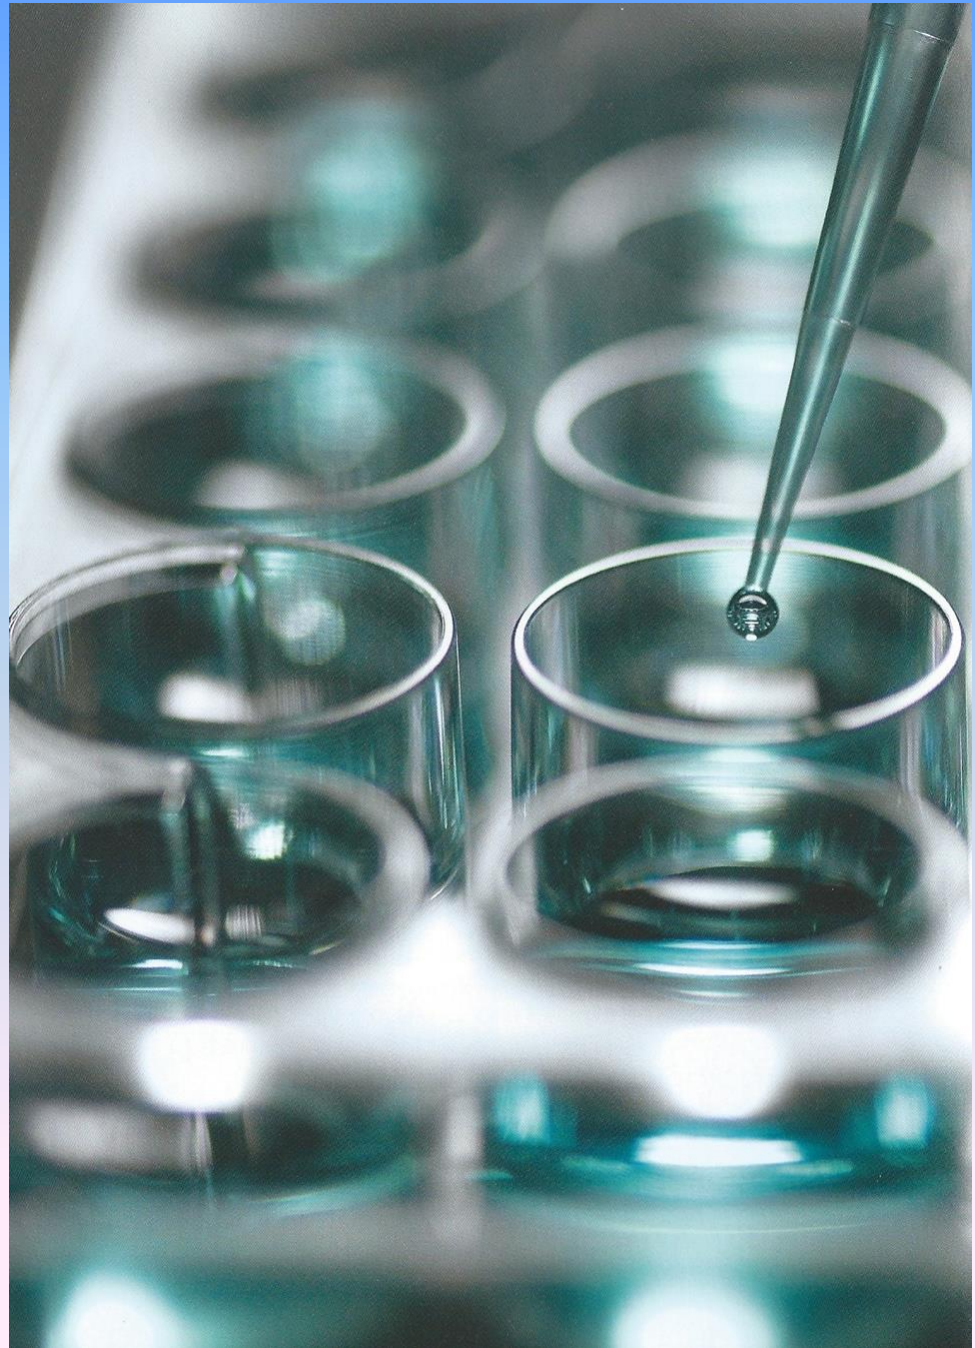

In addition to wellness and fitness, the center offers a VIP medical salon, where beauty treatments are performed using the Cosme Chaum cosmetic line.

Stem cell cosmetics are an opportunity to appreciate the latest technologies!

Stem cells are responsible for the regeneration of the skin and there are substances that originally exist in the body. They not only continue to decrease with age, but also their number can be significantly reduced by exposure to ultraviolet rays and other adverse environmental manifestations. A decrease in the number of stem cells leads to problems such as dullness of the skin and darkening of some of its areas. Many aging skin problems are caused by this mechanism. The Cosme Chaum cosmetic line uses the SG-1 ingredient found in our stem cell research and the CHA7-Complex cosmetic ingredient set. This helps prevent skin problems.

SG-1 - oriental sigesbeckia extract (point effect)
CHA7-Complex – EGF, Amphiregulin, GM – CSF,
IGFBP-2, IGFBP-6, PDGA-AA, VEGF (protective effect)

Ingredient SG-1 and
CHA7-Complex were
derived from stem cell
research!

Maximum Strength Ingredient 『SG-1』

SG-1 is a high purity natural ingredient extracted from the eastern Sigesbeckia root.

This element, obtained from stem cell research, acts as an effective restorer of the skin and is also an enhancer of the action of other components.

Sigesbeckia

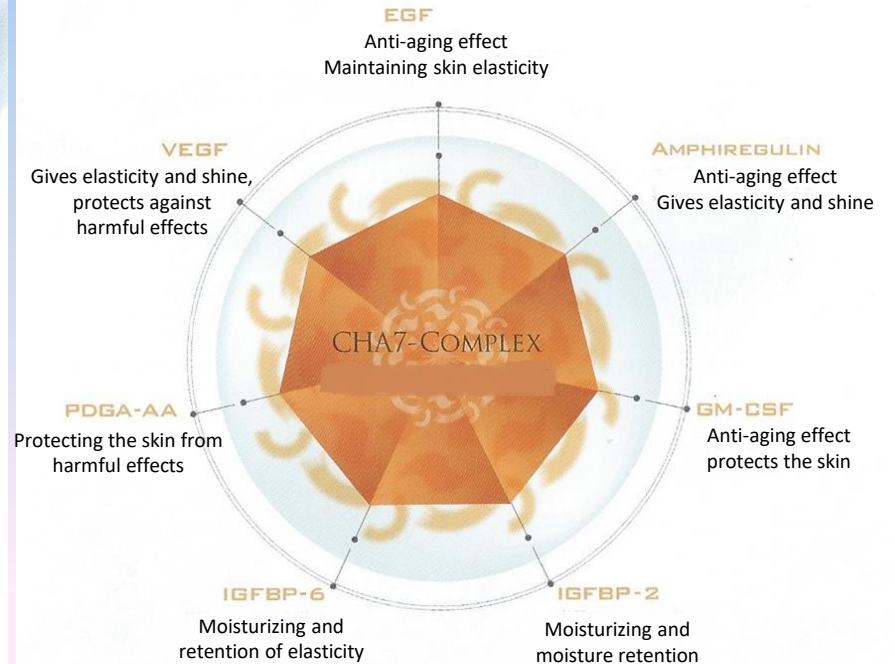

The complex of 7 elements is the real key to beauty.

『CHA 7-Complex』

This complex not only saturates the skin with all the necessary ingredients, but also provides them in the right amount.

The complex contains all the essential ingredients in a unique ratio based on scientific evidence.

During research on stem cells of human skin, 7 types of useful ingredients were selected and extracted, which were included in this complex. CHA7-Complex allows damaged skin to resume its own regeneration.

A silver spoon is shown in profile, tilted downwards. A single drop of clear liquid is falling from the bowl of the spoon, with several small, golden, spherical particles suspended in the air around it. The background is a soft, out-of-focus light blue and white.

So let's get started with our skincare line based on stem cells!

From the first day of using Cosme Chaum cosmetics, your skin will begin its rebirth!
After each application, you will feel your skin getting taut, radiant and younger!
You don't need any extra care!
Cosme Chaum helps you maximize your beauty!
Give your skin the pleasure it has never experienced before!

The Advanced Vitalizing Renewal Capsulated Essence (Anti-aging cosmetics. Essence 50ml)

The essence makes the skin smooth, gives it elasticity and transparency. In addition, the highly effective capsule takes care of skin damage, thanks to its structure, it reaches the dense layers of the skin, which ensures its health and beauty.

Texture: gel-like, spreads easily, the capsule melts in contact with the skin.

How to use: squeeze out into the clean hand of 2 clicks and apply to the most problematic areas with smooth movements.

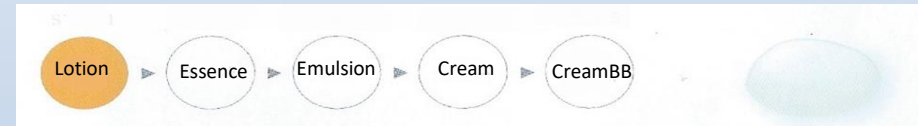

The Advanced Vitalizing Renewal Softener (Anti-aging cosmetics. Lotion 150ml)

Highly moisturizing ingredients form a protective film that protects the skin from various damage. It prevent moisture from escaping to the outside and keep the skin moist from the inside.

Texture: thick, jelly structure, turns into a moist liquid upon contact with the skin.

How to use: squeeze out on a cotton pad in 5 pressings and apply on face and neck with smooth movements.

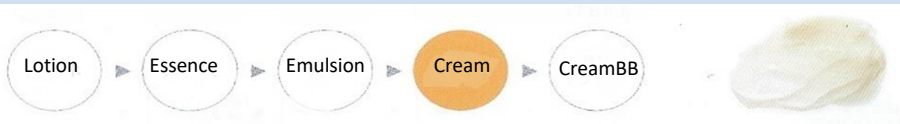

The Advanced Vitalizing Renewal Cream

(Anti-aging cosmetics. Cream 50ml)

A cream with a high concentration of nutrients provides intensive treatment for dry skin, balanced and effectively nourishes it. Gives the damaged skin elasticity, moisturizes and restores youth.

Texture: thick concentration, spreads well on the skin.

How to use: take 1 cosmetic spoon of the cream from the jar and apply it with your hands on the face, starting from the center, smoothly distributing the cream to the contours of the face.

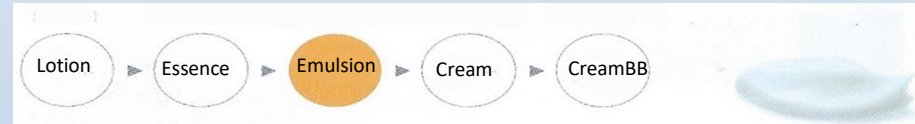

The Advanced Vitalizing Renewal Emulsion

(Anti-aging cosmetics. Emulsion 150ml)

An emulsion with a high level of moisture enhances the moisturizing function of the skin, makes it resistant to drying out. In addition, the texture, rich in nutrients, gives the skin elasticity and vitality while retaining moisture.

Texture: silky texture, pleasant to skin.

How to use: squeeze out on a cotton pad in 2 clicks and apply on face and neck with smooth movements.

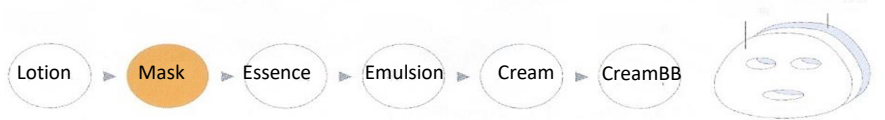

The Advanced Vitalizing Renewal Mask

(Anti-aging cosmetics. Face mask 23g x 5pcs)

Thanks to its moisturizing function, the mask protects the face from adverse environmental influences. In addition, a mask made from natural ingredients and bio cellulose, adheres well to the skin and has high performance characteristics.

Method of application: 1) remove the mask from the bag, separate the protective film and apply on the face; 2) keep it for 20-30 minutes, after removing the mask, apply the essence on the face with light massage movements for 10 minutes.

The Advanced Vitalizing Renewal Blemish Balm

(Anti-aging cosmetics. BB cream 50ml SPF32 / PA ++ protective foundation)

Protecting against UVA and UVB rays, BB-tonal cream has an essence structure that easily spreads on the skin of the face and evens skin tone, has a moisturizing and moisture-retaining effect.

Texture: easily covers the skin and evens out any unevenness.
How to use: squeeze out the required amount and apply on the face with smooth movements, starting from the center.
